TEMPERS RISE OVER BUCHANAN PROCEDURE

Monday night's city council agenda was a rather short one, with no vital items to be considered. However, a disagreement arose over an item contained in the minutes of the meeting of July 3. It was sparked by Councilman Joel Parker, who has just returned from his vacation, when he questioned Item No. 123, and asked for an explanation of the action involved.

Quoting the item "Mayor Carlevaro asked permission of the Council to work on the Marin Avenue - Buchanan Street Overpass with Mr. Turner. It was moved by Councilman Boylston, seconded by Councilman Hein that the Mayor be authorized to work with Mr. Turner on the Buchanan Street Overpass Project and all other phases connected therein."

As further recorded in the minutes, "Councilman Howell pointed out that Mr. Turner has been working hard and has planned every step ahead on this project; that while he has no objection to anyone working with Mr. Turner, warned, no one should try to go ahead of him. Motion carried unanimously and so ordered."

Parker and Howell spoke of the danger of any possible interference with Executive Officer Turner, and declared that interference in the past had caused trouble in negotiations with the

Vacation literature from all over the United States, including Hawaii and Alaska, and Mexico... your Chamber of Commerce has it! If you want to visit or find out more about Miami Beach, Florida; Monterey, Mexico; Boston, Massachusetts; Chicago, Illinois; Boulder and Estes Park, Colorado; or even the State Parks in Missouri or Boot Hill in Dodge City, Kansas, you can pick up copies of these brochures at your Chamber of Commerce office as well as all spots in our own state.

In fact, we have outgrown our literature racks. If any Albany business has a suitable rack to display such literature that is not being used, we are in the market for one.

Vacations and travel seem to be in the air. The new window display of the Security Savings

Back to our own fair city of Albany. A very special congratulations to Harold Pavey on the grand opening of Discounts Unlimited, 841 San Pablo Avenue, formerly Albany 5c-10c-15c. Best wishes for all success to this Albany business, but this is up to you, the citizens of Albany. If you want to make our city commercially successful and our Albany businesses prosper (which means more sales tax funds to keep our city services going and our property taxes down), then it is up to you to support the businesses in your own city. Remember, the "best buy is to buy in Albany" from your own friendly retailers!

It was a great day... Albany Day last Thursday at the Alameda County Fair. About thirty Albany visitors joined in the festivities. We are sorry if you missed it! The Mayor took the whole thing as a reflection on himself, and was backed up by Councilmen Boylich and Hein in a move to have the minutes of the July 3 meeting amended with the Section 1-23 expunged. The legality of this was questioned, so the entire matter was referred unanimously to City Attorney Robert Foley who was absent from the Monday night meeting.

Veteran Bankers Honored for Long Terms of Service

Two prominent East Bay bankers, both residents of Berkeley, marked important anniversaries with Wells Fargo Bank American Trust Company this week.

William R. McGuire, assistant vice president and manager at the Emeryville office, observes his 25th year and Henry J. Albrecht, manager of the office in North Berkeley, completes 30 years of service.

McGuire, a native of Oakland, has been assigned to the East Bay during most of his banking career. During World War II, he served as a captain in the Air Force and presently holds the rank of major.

The bank executive is a member of Emeryville Industries Association, North Oakland Rotary Club, and the Oakland Chamber of Commerce. He and his wife, Lucille, and their two children live at 659 Ensenada Avenue.

Albrecht, who resides at 1946 Yosemite Road, has managed the North Berkeley office since 1953. With the bank since 1931, he has also served at the main office in Berkeley and the branch at West Berkeley.

Long active in civic and professional affairs, he is currently secretary of Albany Rotary, director of the North Berkeley Business and Professional Association, and a member of the Berkeley and Albany chambers of commerce.

A veteran of five years of wartime Navy service, he is now commanding officer of the Naval Reserve Surface Division, Treasure Island. He and his wife have three daughters, Julie, 15, and twins Laurie and Bonnie, 10.

She is the daughter of Mr. and Mrs. Marion C. Jose.

Miss Jose graduated from the American Airlines Stewardess College in Fort Worth, Texas, after a course of training which included such subjects as flight operations, principles of meteorology, radio techniques, airline schedules and tariffs, customer relations, as well as beauty culture, posture and poise.

A 1957 graduate of Holy Names High School, Oakland, Miss Jose was employed in San Francisco before entering stewardess training.

Miss Jose is 5'4" tall, weighs 120 pounds, and has brown hair and brown eyes.

Friends of Miss Jose interested in careers as stewardesses may contact her, care of American Airlines, at her new station, according to the airline.

A.C. Transit District To Show Profit For Year's Operations

Expected passenger revenue will top operating expenditures by some \$564,900 in a budget adopted by A.C. Transit's board of directors July 12 at a meeting in the Alameda County court house.

The 1961-1962 budget, first to cover a full year of district operation, is based on estimated operating costs of \$11,591,300 and estimated revenue of \$12,156,200.

It allows for the addition of another 691,000 motor coach miles of new service during the coming fiscal year. The district already has added a million miles of new bus service during its first nine months of operation.

General Manager John R. Worthington, in describing the District's healthy financial picture stressed: "We are assured of going through the next year at existing fares and the present tax rate without any financial danger at all."

Albany Rotary Club Host Tuesday To District Governor

The Albany Rotary Club was host to Rotary District Governor Ed Pitcher last week. Pitcher, who is past president and executive secretary of the Oakland club, is just starting his official tour of the 54 clubs in District 516, Rotary International. He was elected to his present office at the 52nd annual convention in Tokyo, Japan, last May.

Pitcher is one of 269 district governors supervising the activities of more than 11,000 Rotary Clubs throughout the world, with a membership of 509,000 business and professional executives in 123 countries. During the 1960-61 period more than 300 new Rotary Clubs were organized in 43 countries, and four geographical regions were added to Rotary's membership roster, according to the District Governor. The new regions are Gabon and Nigeria, on the west coast of Africa, and Somalia on the northeast coast of Africa, and Reunion, a former French island colony in the Indian Ocean, east of Madagascar.

The District Governor praised the Albany Club for its fine attendance record, and emphasized the importance of Rotary's Four-Way Test: (1) Is it the Truth? (2) Is it fair to all concerned? (3) Will it build good will and better friendships? (4) And will it be beneficial to all concerned?

New Republican Assemblies Formed

Dr. Donald Field reported the chartering of 19 new California Republican Assembly units to the regular monthly meeting of the Alameda County Coordinating Assembly and hailed this as fresh evidence that Republicanism is indeed again on the march.

Dr. Field, chairman and spokesman for the group, noted that Republicans in this county are proud of the fact that three of these new Assemblies are in Alameda County. The newly chartered Assemblies in Alameda County are the North West Berkeley Assembly in Berkeley whose president is Dick Frisk, the Hill Area Assembly in the Montclair district of Oakland whose president is Donald Church, and the Pleasanton Assembly under president Ralph Mitchell. The charters for the new units were confirmed by the State Board of the California Republican Assembly at its quarterly meeting held last month in Fresno.

Other business included the adoption of a rather strongly worded resolution severely castigating the Brown administration and the Democrat controlled Legislature for skirting "problems of importance to California's citizens" to concentrate their efforts on election reform and reapportionment legislation "designed to aid in the establishment of machine politics in the state of California." The Assembly committed itself to work for the election of "capable Republicans" devoted to responsible and constructive government.

The two people most to be credited with the establishment of the three new groups are Joe Egenberger and Jim Royal of Albany. Joe can be reached at 518 Stannage. Both were very active in the move as they have built up their own Assembly from a mere handful at the first of the year to more than 185 members.

Senior Citizen Activities, 850 Masonic

The Senior Citizens of Albany Masonic Avenue held their meeting Tuesday evening at 7:30 p.m. This was a combined business and social meeting due to the fact that no meeting was held on July 4.

The installation of officers for the coming year will be held July 25 at 7:30, preceding the whist party to be held on the same evening. Those desiring to play whist will please remember that this is a canned food whist party, so do not neglect to bring your own can of food to the value of twenty-five cents. The regular registration fee of fifteen cents

for this coffee bank will be in effect that night as usual.

The picnic at the Standard Oil Rod and Gun Club will be held tomorrow, July 20. Call Mary Arns, LA 5-9124 for information and reservations on the bus.

Call Carolyn Matthew, president, at LA 5-4165 for information concerning the club or its activities. The hall is always open on Sunday afternoons for those who like to drop in for card playing.

CHRISTIAN SCIENCE

The vital importance of the inspired Word of the Bible will be emphasized at Christian Science services Sunday in the Lesson-Sermon entitled "Truth."

From Romans this passage will be read (15): "For whatsoever things were written aforetime were written for our learning, that we through patience and comfort of the scriptures might have hope."

Correlative citations will include the first tenet of Christian Science: "As adherents of Truth, we take the inspired Word of the Bible as our sufficient guide to eternal life" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 497).

The Golden Text is from Psalm 57: "I will praise thee, O Lord, among the people: I will sing unto thee among the nations. For thy mercy is great unto the heavens, and thy truth unto the clouds."

Christian Science Society of Albany meets at 533 San Pablo Avenue. Sunday morning services are held at 11 a.m. and the Wednesday evening meetings are at 8 o'clock. The Sunday School convenes every Sunday morning at 11 o'clock.

and in banking gets it at MECHANICS. Outwardly banks are much alike, but inwardly there is a difference. No two are the same and the people who deal at MECHANICS, ALBANY, soon notice this. They find that the people there are warm and friendly and are interested in them. Also, that they are efficient. That is why so many Albany people bank there. If you have not already been "exposed" to this special banking atmosphere, we urge you to try it. You'll have nothing to lose and much to gain.
